

Profile: Durnien Chartered Surveyors

About Durnien.com

Durnien give a unique and informed perspective on the new property and construction world order. Durnien seek to differentiate themselves from their competition in the way they think, act and advise. Key to this is putting management and leadership centre stage on any project.

Durnien work for and with project managers, architect led design teams, client managed projects and design and build project teams. Moreover, Durnien are determined to continue improving the services they offer through constant communication with their clients and investment in their people- the result is an organisation that exceeds expectations, impresses on every level and retains an accessible and friendly service.

Quantity Surveying

Quantity Surveying is Durnien's core professional service. With an approach that is not traditional but brings traditional contract and cost management expertise into the modern property and construction environment, Durnien puts the principle of best value to clients and projects first. Durnien pre-empt decisions and give key advice when it matters, in a clear and concise format because promoting and protecting clients and their interests is paramount, and the main reason why Durnien has prospered and grown over the years.

Services Include: Quantity Surveying, Cost Control, Cost Management, Cost Planning, Final Accounts, M&E Services Cost Control, Procurement and Contract Advice, Tender Documentation.

Testimony to Durnien's respect within the industry was the recognition they received at the 2007 Derry Business Awards, winning an award for Excellence in People Development and being named as a finalist in the Business Growth Award.

If you would like to know more about Durnien and the services they can offer you, visit www.durnien.com or call 028 9092 3471.
