An Independent School
Established in 1906

In a spectacular setting in twenty-five acres on the shores of Belfast Lough, Rockport School in Craigavad is Northern Ireland's only truly independent school and has a long tradition of providing children with a broad and balanced education. Where else in Northern Ireland would you find children enjoying a wide range of sporting activities every afternoon; a large choice of clubs and activities and such a flexible approach, catering for the individual needs of your child? Rockport achieves the very best academic results whilst taking a wide range of children of all abilities. Our children do well at 11 plus, Common Entrance and GCSE. Rockport staff know their pupils very well and pride themselves on encouraging the pupils to develop their talents to the full.

Money spent on independent education is a safe and solid investment in your child's future. School is open until 5.30 p.m. and flexible boarding provides a valuable service for busy working parents. Young people leave Rockport confident but not arrogant, with a strong sense of themselves and a commitment of service to others. The social skills they develop at school open many doors for them in their future careers.

Rockport is a wise choice for the very best opportunities for your child. Do telephone for an appointment and we will be delighted to show what our school has to offer.

Clare Osborne
Principal
