

Strength in Numbers

As an organisation based on membership, the Edinburgh Chamber of Commerce is always looking at ways in which it can work with the companies and individuals who join the network.

The Chamber aims to give members the best possible return for their support by continuously pushing forward the agenda of the Edinburgh business community, offering a range of exclusive partnership opportunities, and by giving Edinburgh's companies access to Scotland's largest chamber network of over 2,000 members – the fastest growing chamber network in the UK.

Membership benefits include:

1. Networking with over 2,000 businesses and over 55 business events per year
2. Getting the best advice whether looking to start up or grow an existing business
3. Use of the Chamber's city centre 'Members' Hub' within Capital House
4. Representing the voice of business on topics from business rates to tram construction relief
5. Saving money on the Chamber's exclusive portfolio of services, schemes and products
6. Realising the best business ideas through the opportunities available from the Chamber's incubator schemes
7. Keeping business healthy with regular coaching, training programmes, advisory services and business health checks
8. Gaining national and international exposure with the Chamber's high profile
9. Hearing the latest business news through the Chamber's website and members' magazine, *'New Business Comment'*.
10. Receiving the same opportunities for growth, exposure and advice, whether a small, medium or large enterprise.
