

providing **TRAINING SOLUTIONS** for all your business needs

BC CONSULTANTS (BCC) provides training and development solutions for businesses that are looking to change and grow through the development of their people. BCC has a well-earned reputation for delivery of high quality training that reflects the values and standards of the organisation - i.e.

- To exceed customer expectations
- To offer affordable, quality products and services
- To continually develop innovative and creative training solutions

A unique credential of the Company is the extensive range of training offered, enabling clients to find the appropriate solutions to their business needs through working with one training provider. BCC has a number of areas of 'niche' specialisation : -

- Leadership and Management
- Childcare
- Health & Social Care
- Catering and Hospitality
- Business and Administration
- Customer Service
- National Training Programmes

The company is staffed by industry experts with experience and skills to develop and deliver a high quality customer service. The credentials and abilities of the staff and the quality standards to which they operate are recognised by organisations that set the industry standards, such as IIP, SQMS, HMIe and a wide range of awarding bodies.

The company identifies opportunities for developing both its product offer and methods of delivery enabling the business to be a leader in its field such as: -

- 'On - Line'/Distance Learning & Assessment
- 'Paperless VQ'
- CD ROM Learning Materials
- 'Professional Discussion'
- Innovative Workplace Delivery
