

ST. MARGARET'S SCHOOL EDINBURGH

'We empower each young person to become a confident and creative builder of their own future'

St Margaret's School is a thriving and forward thinking organisation where traditional values meet inspired, creative learning in a happy, nurturing community which builds confidence, self-esteem and pride in all its young people. We believe all our pupils leave St Margaret's School equipped not only with their 'personal best' academic qualifications, but also with the lifeskills required to maximize the many opportunities our modern day society offers. Our extended curriculum is exciting and varied, strengthening our pupils' capabilities in the classroom and beyond.

St Margaret's School offers an outstanding all round education from early years to adulthood. Working in partnership with parents, we provide the very best care and attention for our pupils.

In addition we are delighted to offer:

- Early Birds Breakfast Club
- After School Club
- Holiday Club
- Dedicated bus services from outlying areas
- Flexible residential facility (overnight stays available)

..... ensuring piece of mind and valuable support for busy parents in a modern day world.

Girls – 3 months to 18 years

Boys – 3 months to 8 years

Come and talk to us...
