1st Friends Day Nursery Limited

Full time day nursery open 51 weeks of the year for children aged from birth to 11 years old.

The importance of pre-school years in a child's later development is widely recognised. Children at 1st Friends Day nursery will be encouraged to develop their own personalities and acquire the knowledge and skills which will be of value to them in the next phase of their formal education. It is our objective to help children in our care reach their full mental and physical potential. Our ethos includes

- *providing a caring and stimulating environment,*
- *instilling social manners and respect for others,*
- *promoting equal opportunities which would treat all staff, children, parents and all others associated with the nursery equally without regard to their cultural or ethnic origin, race, colour, religion, disability or marital status*
- *Providing a safe and secure environment by ensuring that only persons authorised are allowed entry into the nursery premises*
- *To ensure that activities are play-based and build on the child's natural ability to learn through purposeful play.*
