

BRONZESHIELD LIFTING LTD

CRANES

Bronzeshield Lifting Ltd is proud to put at your service our wide range of Modern Mobile Tower & Mobile Cranes, from as small as 7 tonne up to 500 tonne lifting capacity. We ensure our comprehensive & powerful Crane Fleet is at the forefront of technology, enabling us to provide our customers with the most advanced and safe equipment available on the market. We offer you a 365 day service anywhere in the country. Our Management will be only too pleased to assist and advise you as to which size and type of lifting appliance is best suited. Our highly experienced teams of Technical Advisors, fully supported by computer design engineers, are able to quickly advise you. If you do not have trained staff to complete the Lifting Operation allow us to provide you with a Contract Lift. All our Operatives are fully trained and certificated to nationally recognised standards.

TRANSPORT

Our Cranes are supported by an extensive, modern fleet of vans, rigid lorry loaders, articulated, extendable trailers and STGO vehicles. Route planning and surveying, storage, permits, lifting, escort and transport - a complete and reliable service, any time anywhere.

TRAINING

Bronzeshield is also able to offer training and CPCS testing in the field of Lifting Operations. All training and CPCS testing is conducted by Trained, Qualified and Experienced Persons.
