M & L Paper was established in May 2005 and although we are a young company, with knowledge and experience gained from over 30 years in the paper converting industry (and a lot of hard work!) the company has achieved excellent growth over the past four years. We have accomplished this by providing our customers with an outstanding service, competitive prices and, of course, a top quality product.

We supply the catering, removal and general packaging industries with premium quality white newsprint, also known as white news offcuts, sheeted to various sizes and hand wrapped in 85gsm brown ribbed kraft paper in weights of 5, 10 or 12.5 kilo parcels. In addition we provide many customers with a precision cut service which can be either ream wrapped or bulk packed on pallets.

Whatever your newsprint requirements, be it fish and chip wrap, protective wrap/sleeves for easily damaged items or precision work for printing, please call our sales team on **01634 683283** where we will be happy to accommodate your individual requirements or alternatively you can email us at mandpaper@btconnect.com
