Established in 1974 by the present owner, Roger Young, Spot Hire Travel has built up a healthy reputation for quality, service and most important, reliability.

Originally started as a small taxi and minibus service serving the local area, the company has grown from strength to strength, to the now well established coach and chauffeur-driven saloon service, which serves the whole of Kent and further afield.

Our target market is as varied and diverse as possible due to the wide range of work we can do, whether it be holiday makers catching flights, business clients, schools, group organisers, tours, holidays, daytrips etc...
