DCT Group (UK) Ltd

DCT is a private company offering security services throughout the UK. We have become one of the fastest growing uniformed guarding providers by integrating innovative technology to ensure our clients receive true added value.

We offer an array of professional security services, with all the advantages you would expect from a company of our size in terms of consistency, reliability and flexibility.

Our services are available to domestic, commercial and industrial customers with all contracts individually tailored to each client's needs, premises and budget. Our core business and speciality is manned guarding, but we also offer a variety of other services, including key holding, mobile visits.
