Computer & Computer Room Cleaning

Computer, Computer Room Cleaning and Telephone Cleaning

Did You Know – Cleaning your desk and computer accessories regularly can reduce bacteria count by 99%. Source: Durable

At Computacare Services we specialise in Computer Room Cleaning, PC Cleaning and Telephone Cleaning. Computacare employ fully-trained specialist operatives - not general office cleaners, and use the latest hi-tech equipment to ensure uninterrupted operation of your facility without any risk during the cleaning process. This means we can offer a no-quibble satisfaction guarantee on all our work.

Computer Room Cleaning

- We professionally clean and decontaminate your data centre, server room, PABX room, LAR or UPS room - helps prevent data loss and hardware failure caused by dust or static charge
- We apply anti-static treatment to your mission-critical computer room - prevents build up of static electricity and dirt between cleans
- We offer flexible hours and bespoke maintenance plans - uninterrupted operation during your business hours and full budget control

PC Cleaning

- We regularly clean and apply anti-static treatments - improves hygiene and helps protect valuable IT equipment and the data it contains
- Our operatives are well trained and highly skilled - your equipment is efficiently cleaned with the minimum of disruption
- We handle all types of hi-tech office equipment - PCs, VDUs keyboards, laptops, copiers, fax machines, printers and telephones
