

# Advice makes the Difference

Wirral's approach to business support is not only attracting business to the area, but it's helping those already based in Wirral make the most of business opportunities.

Invest Wirral is a single-point-of-contact service from the council's inward investment and business location team. It provides a free one-to-one service that resolves issues facing business development. Whether considering relocation of a business or expanding a company, Invest Wirral offers accessible, user-friendly information that saves time and enables faster, better informed decision-making.

## Team work

Invest Wirral works closely with local and regional business advice and location support teams, such as Business Link Northwest, Wirral Chamber of Commerce, and The Mersey Partnership, which means businesses benefit from the most comprehensive guidance available.

## Very accommodating

Invest Wirral's property database features a comprehensive listing of available sites and premises in the borough, from industrial and warehousing units to managed workspace and office accommodation. More detailed information is available on industrial sites, premises, skills, recruitment and training. In addition, there is on-going business aftercare support.
